FROM: H. E. Puthoff

SUBJECT: Proxmire Response Re Psychoenergetics

DATE: 26 September 1977

LOCATION: 44

cc:

Since fear of the "Proxmire Effect" is often cited in discussions with sponsors and potential sponsors, I asked a friend of mine in psychoenergetics research (who was originally from Wisconsin) to query his senator with regard to this field. The original letter and Senator Proxmire's response are attached. I am circulating copies to appropriate government officials.
